

ARKA
DESIGN

INTRODUCTION

The goal of the company is to take forward the crafts and the traditional techniques of India with the craftspersons who passionately place their heart and knowledge in their work.

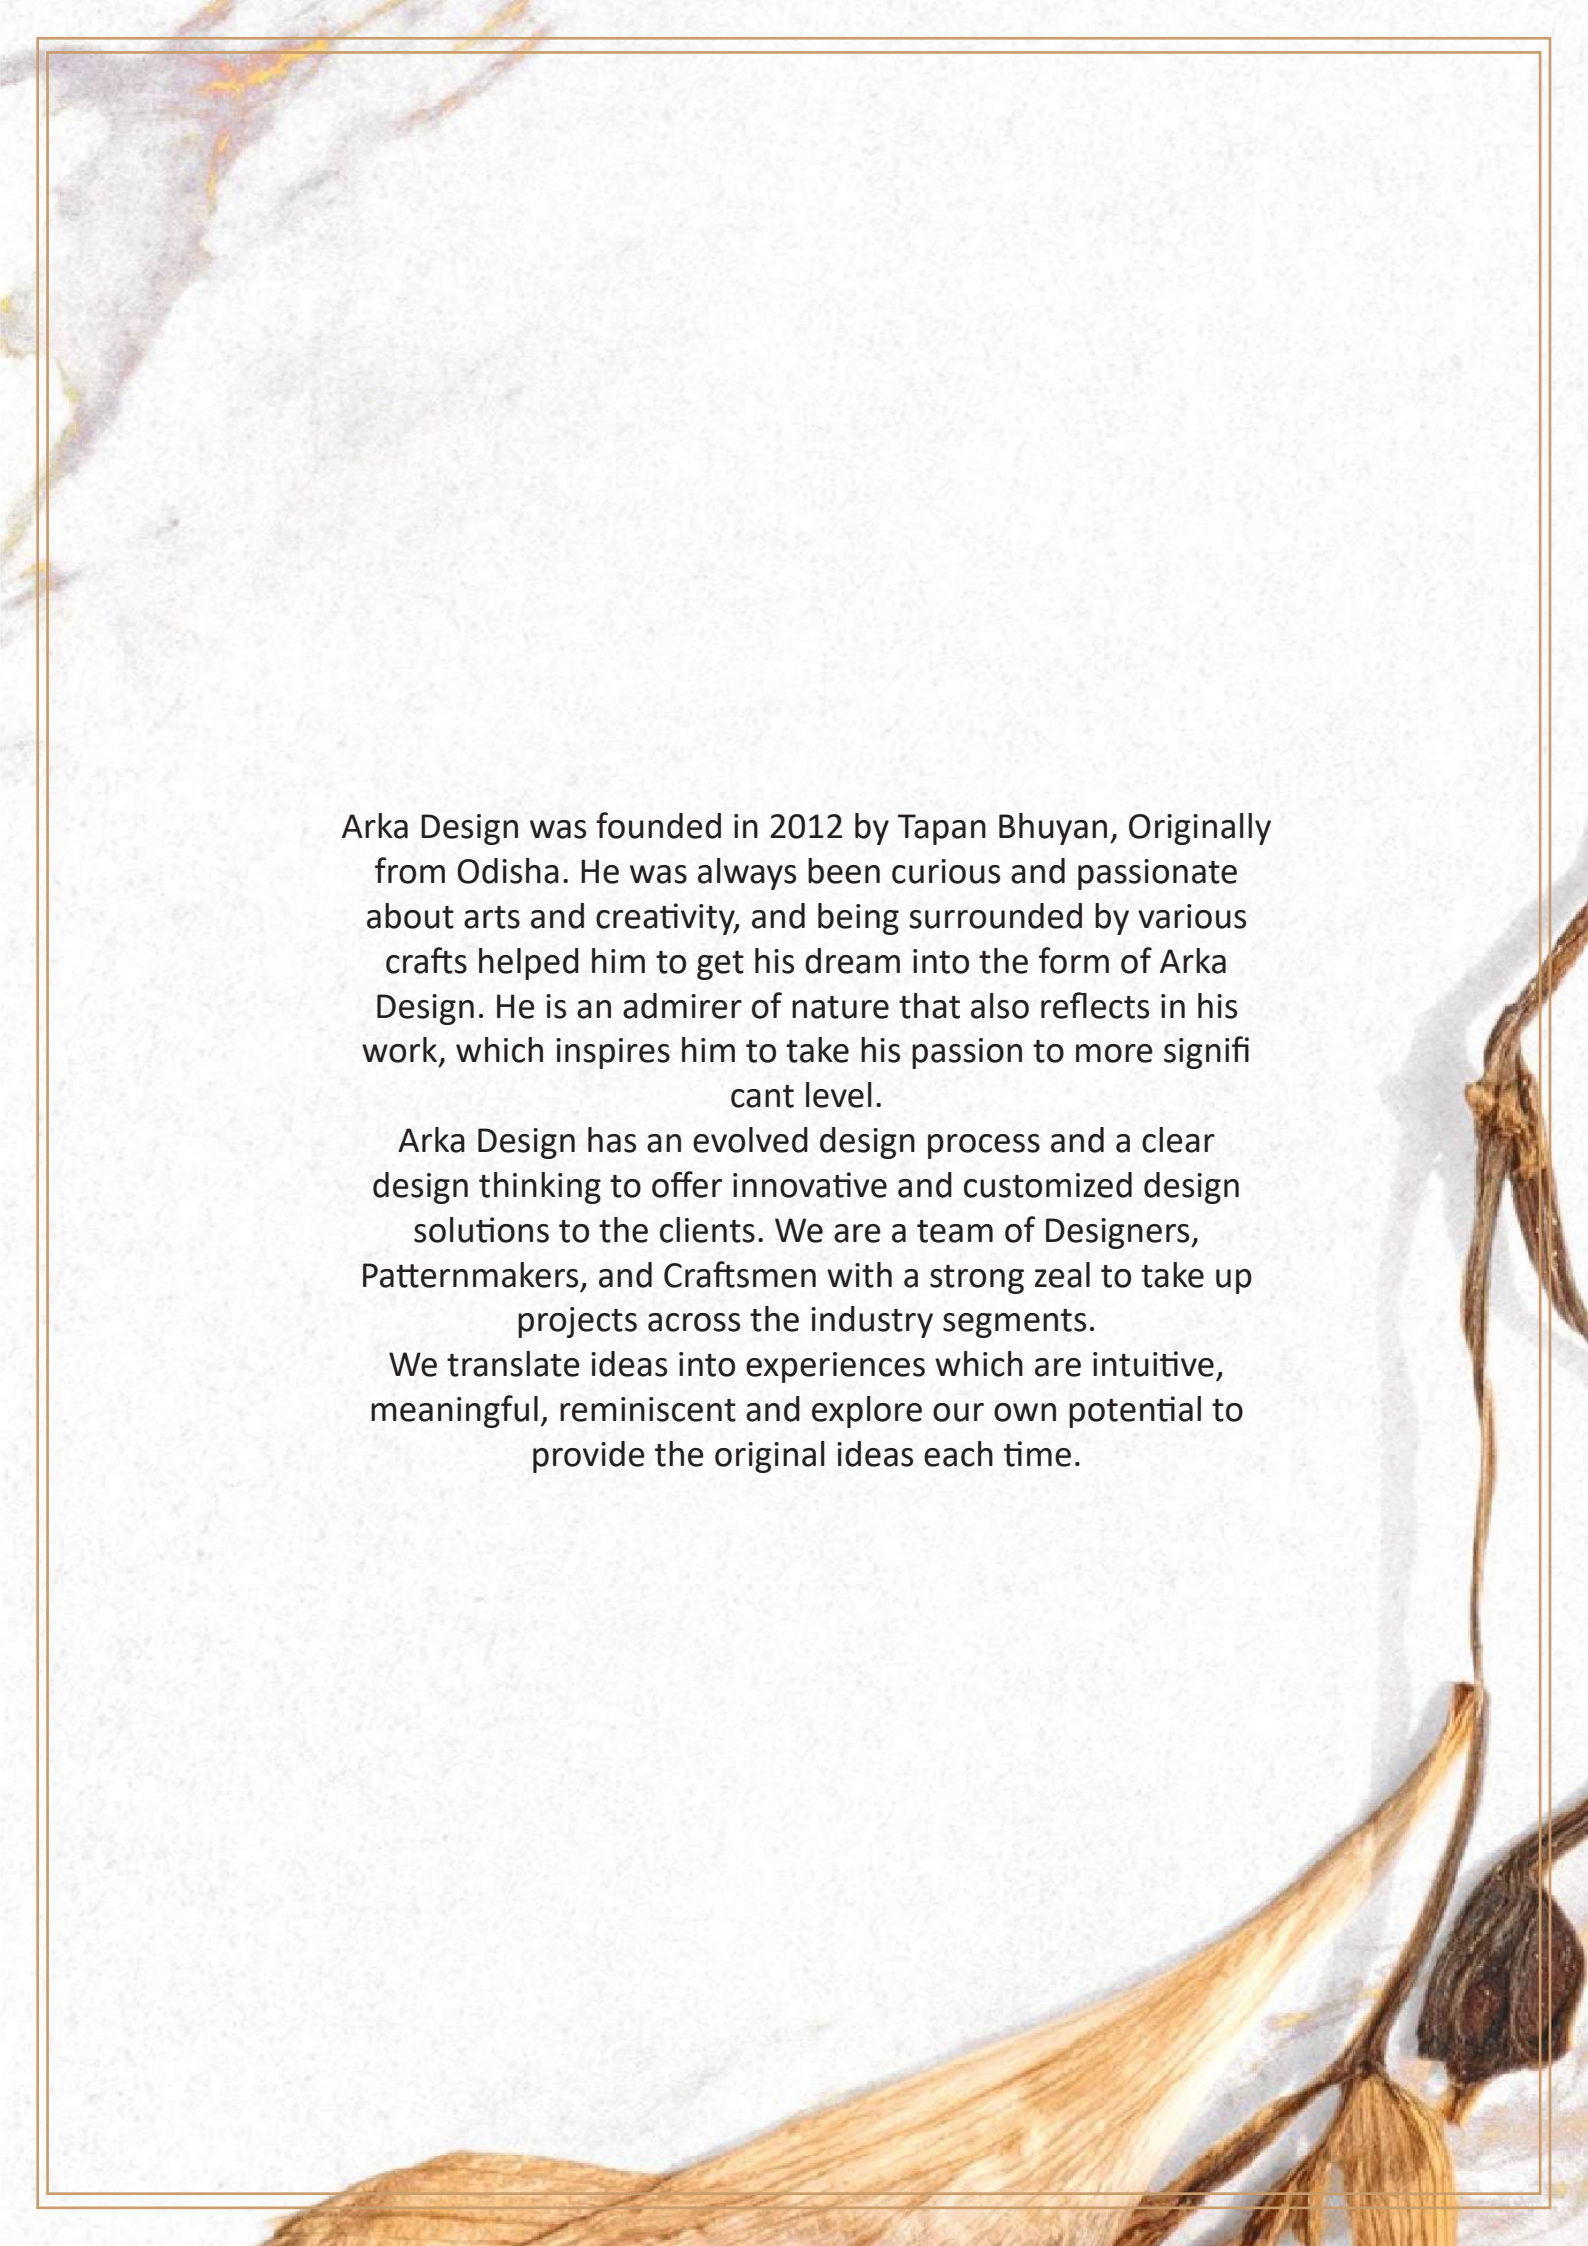

The crafts of India are varied and enchanting, thus we believe that a handmade product is a joy one can offer or receives, and for that, we aim to provide new designs with additional materials and techniques in our collections each year.

Our Largely work involves mediums like sand casting and sheet metal (Thathera), in which we incessantly explore new techniques. Each product is managed by the designers and master craftsmen who meticulously translate the designs into beautiful products.

At Arka, We offer many services as customized wall solutions, furniture, tabletop accessories, and decorative hardware. We have clients from all across India and havedone several projects for many hotels such as Hyatt Regency Ludhiana, Hyatt Regency Gurgaon, and Piccadilly Hotel Chandigarh and more.

We have worked with many architecture firms for residential projects in Delhi, Chennai, Ahmedabad, Surat, Raipur and many cities all across India.

Arka Design was founded in 2012 by Tapan Bhuyan, Originally from Odisha. He was always been curious and passionate about arts and creativity, and being surrounded by various crafts helped him to get his dream into the form of Arka Design. He is an admirer of nature that also reflects in his work, which inspires him to take his passion to more significant level.

Arka Design has an evolved design process and a clear design thinking to offer innovative and customized design solutions to the clients. We are a team of Designers, Patternmakers, and Craftsmen with a strong zeal to take up projects across the industry segments.

We translate ideas into experiences which are intuitive, meaningful, reminiscent and explore our own potential to provide the original ideas each time.
