

FOR IMMEDIATE RELEASE

ARTERRA to Showcase Premium Cork-Based Interior Innovations at FIND Design Fair Asia 2025

Innovative European Craftsmanship Meets Sustainable Design in Singapore

ARTERRA, a trailblazer in interior design cork materials, is set to debut at **FIND Design Fair Asia 2025**, taking place from **September 11 to 13, 2025**, at the **Marina Bay Sands, Singapore**. Representing leading cork-based brands from Italy and Portugal, ARTERRA will present a curated selection of eco-friendly products, including flooring, wall coverings, furniture, cork-infused paint, and micro cement.

Cork's natural properties, such as thermal insulation, sound absorption, and renewability make it an ideal material for modern interiors. ARTERRA's innovative approach combines the natural beauty of cork with advanced design techniques, creating stylish and sustainable interiors that contribute to a greener future.

Visitors to ARTERRA's booth will have the opportunity to experience firsthand the versatility and elegance of cork in contemporary design. The exhibition aims to inspire architects, interior designers, and developers to explore sustainable material choices that align with modern design sensibilities.
