About **ADJ** STYLE

Founded in 2016 by Ekaterina Borovkova, **ADJ** STYLE is an Italian brand specializing in luxury decor accessories for private homes, offices, jets, yachts, and HoReCa. Each product is crafted using ADJ's multifunctional leather, which undergoes double-sided dyeing and a special protective treatment that enhances its resistance to wear, scratches, and abrasions.

ADJ creations are designed according to the principles of synesthesia, offering a multisensory experience that engages sight, touch, and smell. Soft shapes, emotional colors, and the natural scent of leather establish a deep and authentic connection with the user.
