

 Gler

That's Gler.
Glorious. Limitless. Elegant. Revolutionary.

Gler

Brand Profile .

Gler, headquartered in Singapore, committed to provide flexible power solutions to global customers in the specialised field of power tracks. Gler has 20 years of extensive experience in the power track industry.

Gler S.R.L, a wholly-owned subsidiary based in Turin, Italy, part of Gler's global strategic layout to better serve the Global market. This enables us to better serve the international market and provide our customers with more convenient and quality services.

Gler is driven by technological innovation, with products featuring the latest technological achievements and cutting-edge fashion design concepts.

Design of Gler

Hollow-out Design

The unique sense of layering and delicate artistic feeling brought by hollow-out design, Matisse turns the power track into a piece of art.

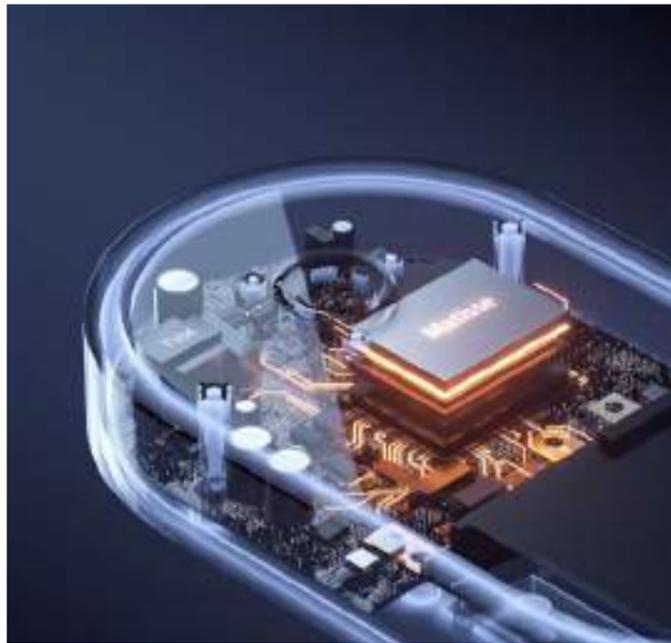

Equipped with advanced surge and overload protection features, it provides continuous safety for you and your family.

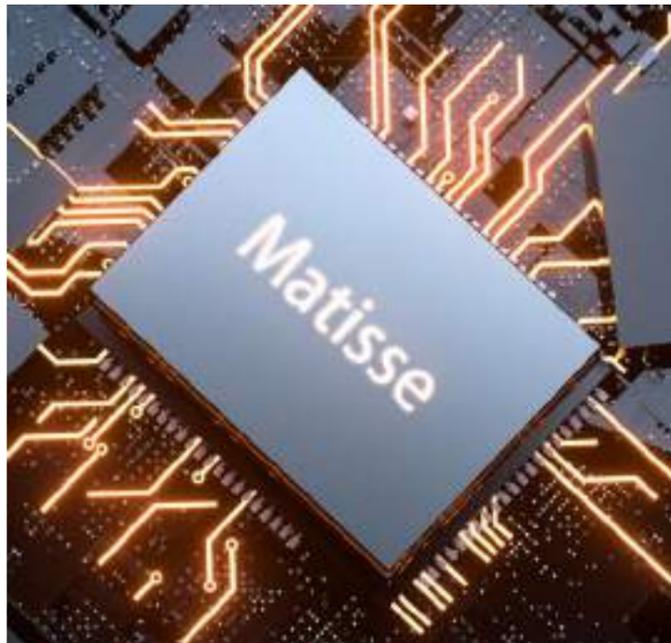

Ratchet Adapter Design
Rotate the adapter 90° clockwise
LED light will lights up

Returning from art to the essence of the product, the Matisse Series is specially equipped with a one-touch switch for you, which can be easily turned off with a gentle touch. Its leakage protection and overload protection features are always there to safeguard the safety of you and your family.

Ratchet Adapter Design

The adapter features a sophisticated ratchet design that emits a crisp and pleasant clicking sound when turned, providing a high-end and tactile user experience

Magnetic Mounting

Innovative patented magnetic technology brings you a convenient installation experience. No tools, no complicated steps required. With just a simple click or push, installation and removal are effortlessly completed.

Magnetic Mounting

MATISSE SERIES

Matisse series - Silver

Feature
 Hollow-out design
 One-touch switch
 Surge and overload protection
 Installation by magnetic mounting plate

Electrical performance
 32A 250V~8000W max

Matisse series adaptors

Terminal : Left / Right
 Length:550mm/757mm
 MA-W-SR55L-SG3 / MA-W-SR55R-SG3
 MA-W-SR76L-SG4 / MA-W-SR76R-SG4

Matisse series - Grey

Feature
 Hollow-out design
 One-touch switch
 Surge and overload protection
 Installation by magnetic mounting plate

Electrical performance
 32A 250V~8000W max

Matisse series adaptors

Terminal : Left / Right
 Length:550mm/757mm
 MA-W-GY55L-SG3 / MA-W-GY55R-SG3
 MA-W-GY76L-SG4 / MA-W-GY76R-SG4

Matisse series - Black

Feature
 Hollow-out design
 One-touch switch
 Surge and overload protection
 Installation by magnetic mounting plate

Electrical performance
 32A 250V~8000W max

Matisse series adaptors

Terminal : Left / Right
 Length:550mm/757mm
 MA-W-BK55L-SG3 / MA-W-BK55R-SG3
 MA-W-BK76L-SG4 / MA-W-BK76R-SG4

Matisse series - Green

Feature
 Hollow-out design
 One-touch switch
 Surge and overload protection
 Installation by magnetic mounting plate

Electrical performance
 32A 250V~8000W max

Matisse series adaptors

Terminal : Left / Right
 Length:550mm/757mm
 MA-W-GN55L-SG3 / MA-W-GN55R-SG3
 MA-W-GN76L-SG4 / MA-W-GN76R-SG4

Raffaello series Ultra Slim & Mini

Much like the works of Raffaello Santi, the product bestows the Raffaello series with a unique charm of serenity, harmony, symmetry, and a sense of perfection and tranquility.

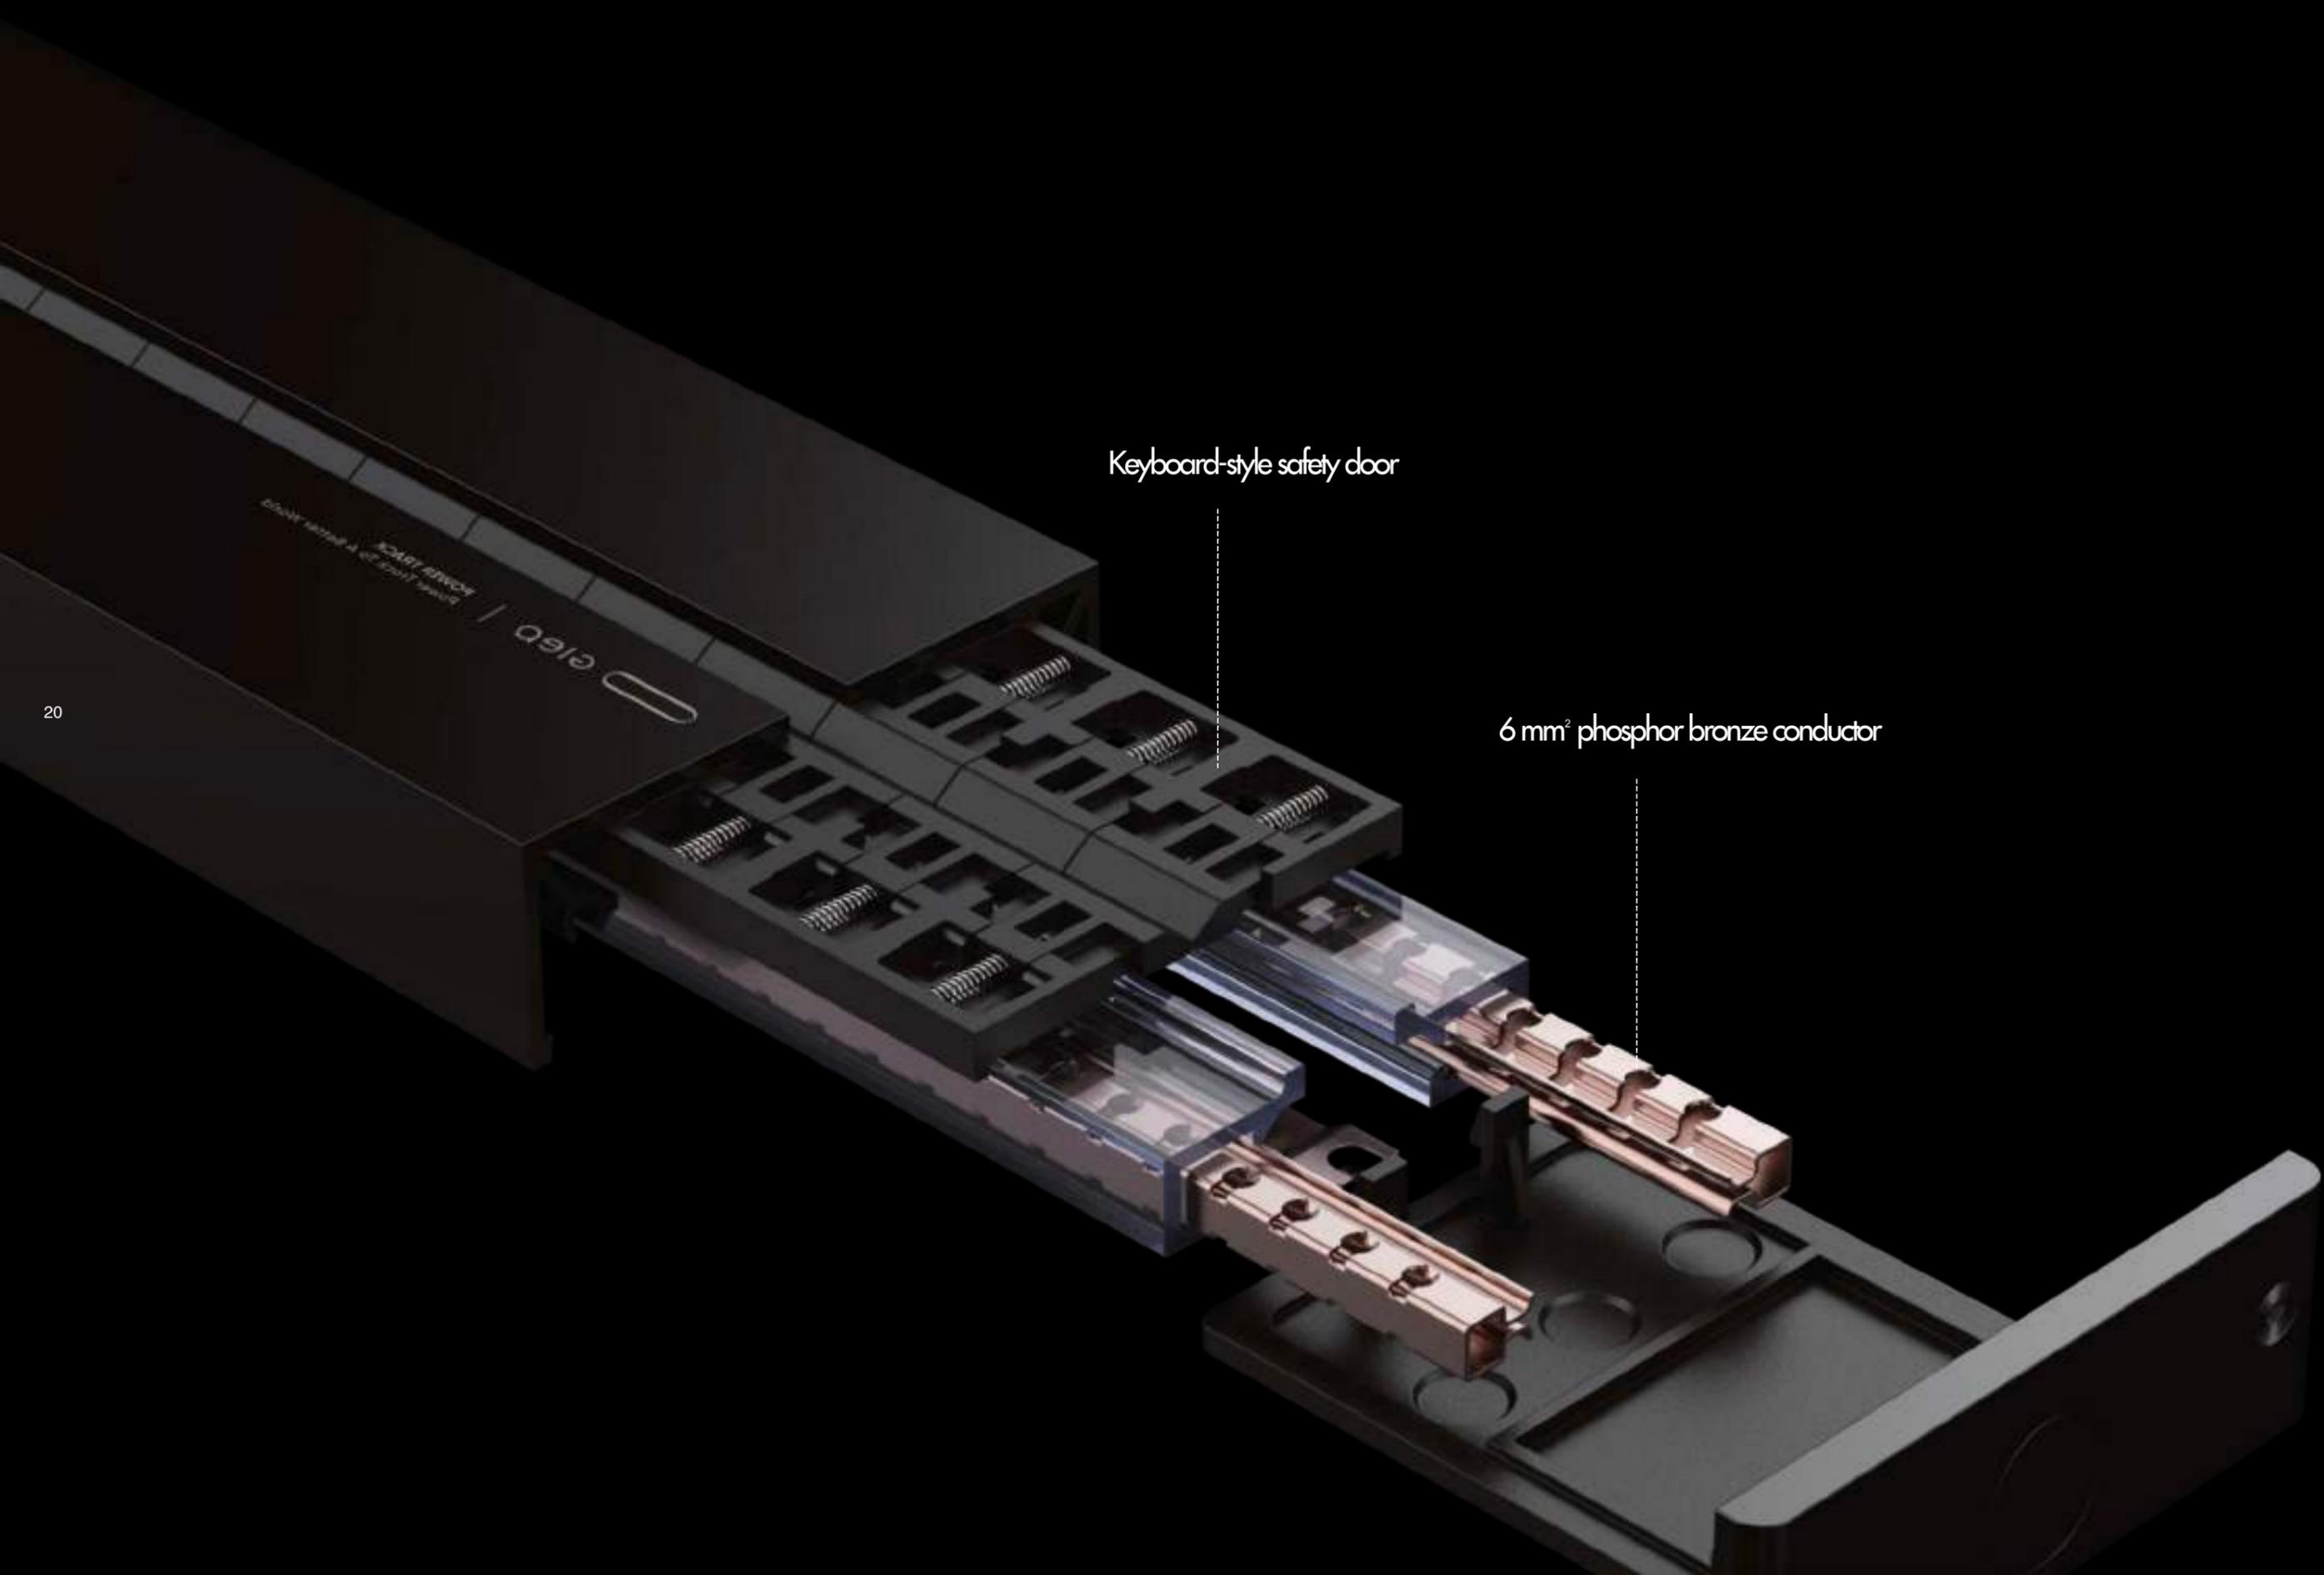

Rotate the adapter 90° clockwise
LED light will lights up

Safety door design

Keyboard-style safety door

6 mm² phosphor bronze conductor

Magnetic Mounting

Innovative patented magnetic technology brings you a convenient installation experience. No tools, no complicated steps required. With just a simple click or push, installation and removal are effortlessly completed.

Magnetic Mounting

Recessed

Nestled within the planes of cabinet or wall,
clean and simple.

Like the works of Raffaello Santi, the Raffaello series exudes tranquility, harmony, and symmetry; perfection and serenity are the unique qualities endowed by the products in the Raffaello collection

Tiziano series

Like the works of the Tiziano, the Tiziano series exudes grace and softness, which are the unique qualities bestowed upon the Tiziano collection by its products.

The surface design of the Tiziano series uses a zircon sand oxidation process, offering a skin-like touch.

Gracefully integrated into the surface of the cabinet or wall, offering a sleek, three-dimensional aesthetic. Featuring an infrared sensor, a simple wave of your hand reveals the soft beauty of light, while dual USB ports provide versatile functionality to meet various needs.

1 USB charger Type A+C

Equipped with an infrared sensor, a simple wave of your hand unveils the soft elegance of light. Dual USB ports are designed to meet a wide range of needs, enhancing both functionality and convenience.
