

The background of the entire page is black, featuring several thin, white, curved lines that sweep across the frame from the left side towards the right. These lines vary in curvature and length, creating a sense of movement and depth. The lines are most concentrated in the lower half of the image, where they appear more densely packed and more varied in direction.

NUSPA COLLECTION

NUSPA COLLECTION

NUSPA COLLECTION

NuSpa redefines what can be done with cork, turning one of nature's most sustainable materials into luxurious bathroom objects - a stunning free-standing bath, washbasin, and stool. Machined from a solid block of agglomerated cork by a high-tech seven-axis robot, these designs break new ground in bathroom innovation. Cork's natural properties help to maintain water temperature, are slip-resistant and offer a softer and safer surface.

NuSpa bathroom objects are truly unique. This is the future of bathroom design, where sustainability, technology, practicality and elegance meet.

Product made of genuine natural, renewable and biodegradable cork.
