

HUNAT

Company Presentation
Bespoke Projects- Integrated Resorts

At Hunat, we create immersive spaces and experiences
through bespoke Bohemian lighting.

We merge meticulous craftsmanship with innovative
designs to craft extraordinary masterpieces.

Based in the Czech Republic, our head office, design,
engineering, and production workshops are part of a rich
tradition of crystal manufacturing excellence.

PROJECTS

Solaire Resort North

MANILA, PHILIPPINES

A celebration of scale, light, and craftsmanship. For the luxurious interiors of Solaire Resort North, we created a series of bespoke Bohemian crystal chandeliers—hand-blown and masterfully cut, gracing numerous spaces across the resort.

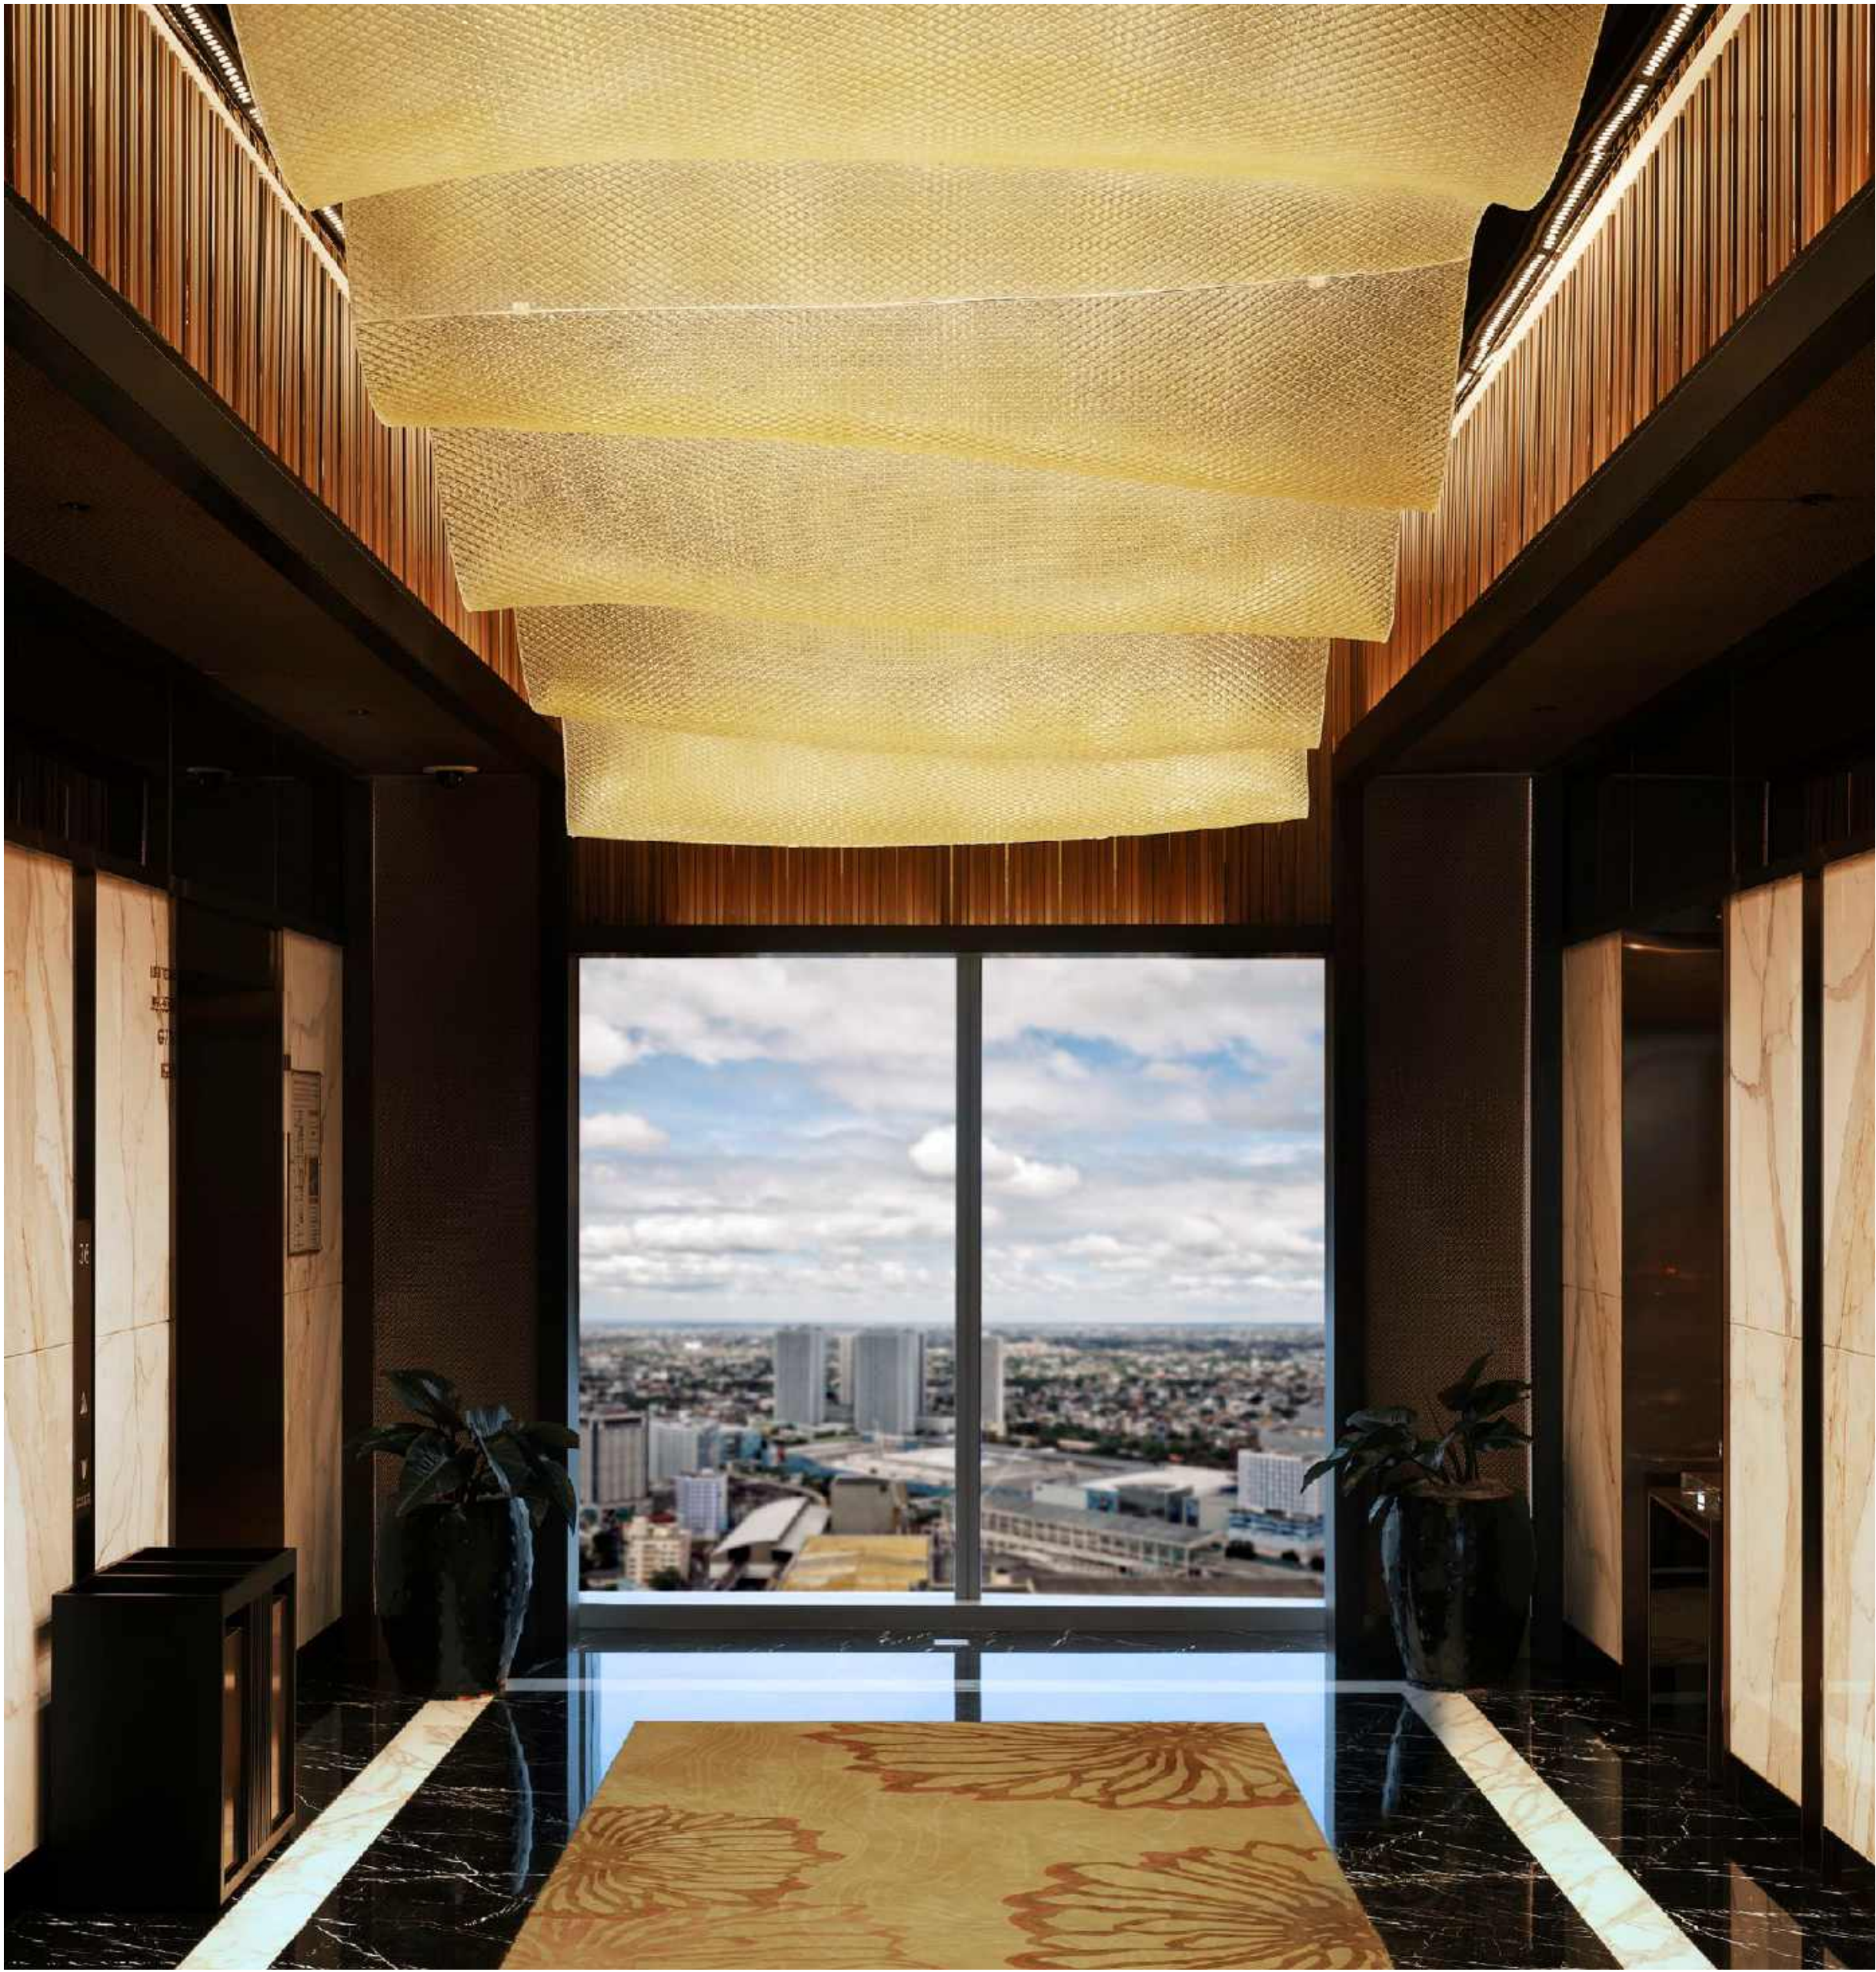

Among them, iconic prism chandeliers with hand-polished bases catch and refract the light with radiant clarity. This luminous installation reflects not only the soul of Bohemian glassmaking, but also our devotion to shaping grandeur with precision and artistry.

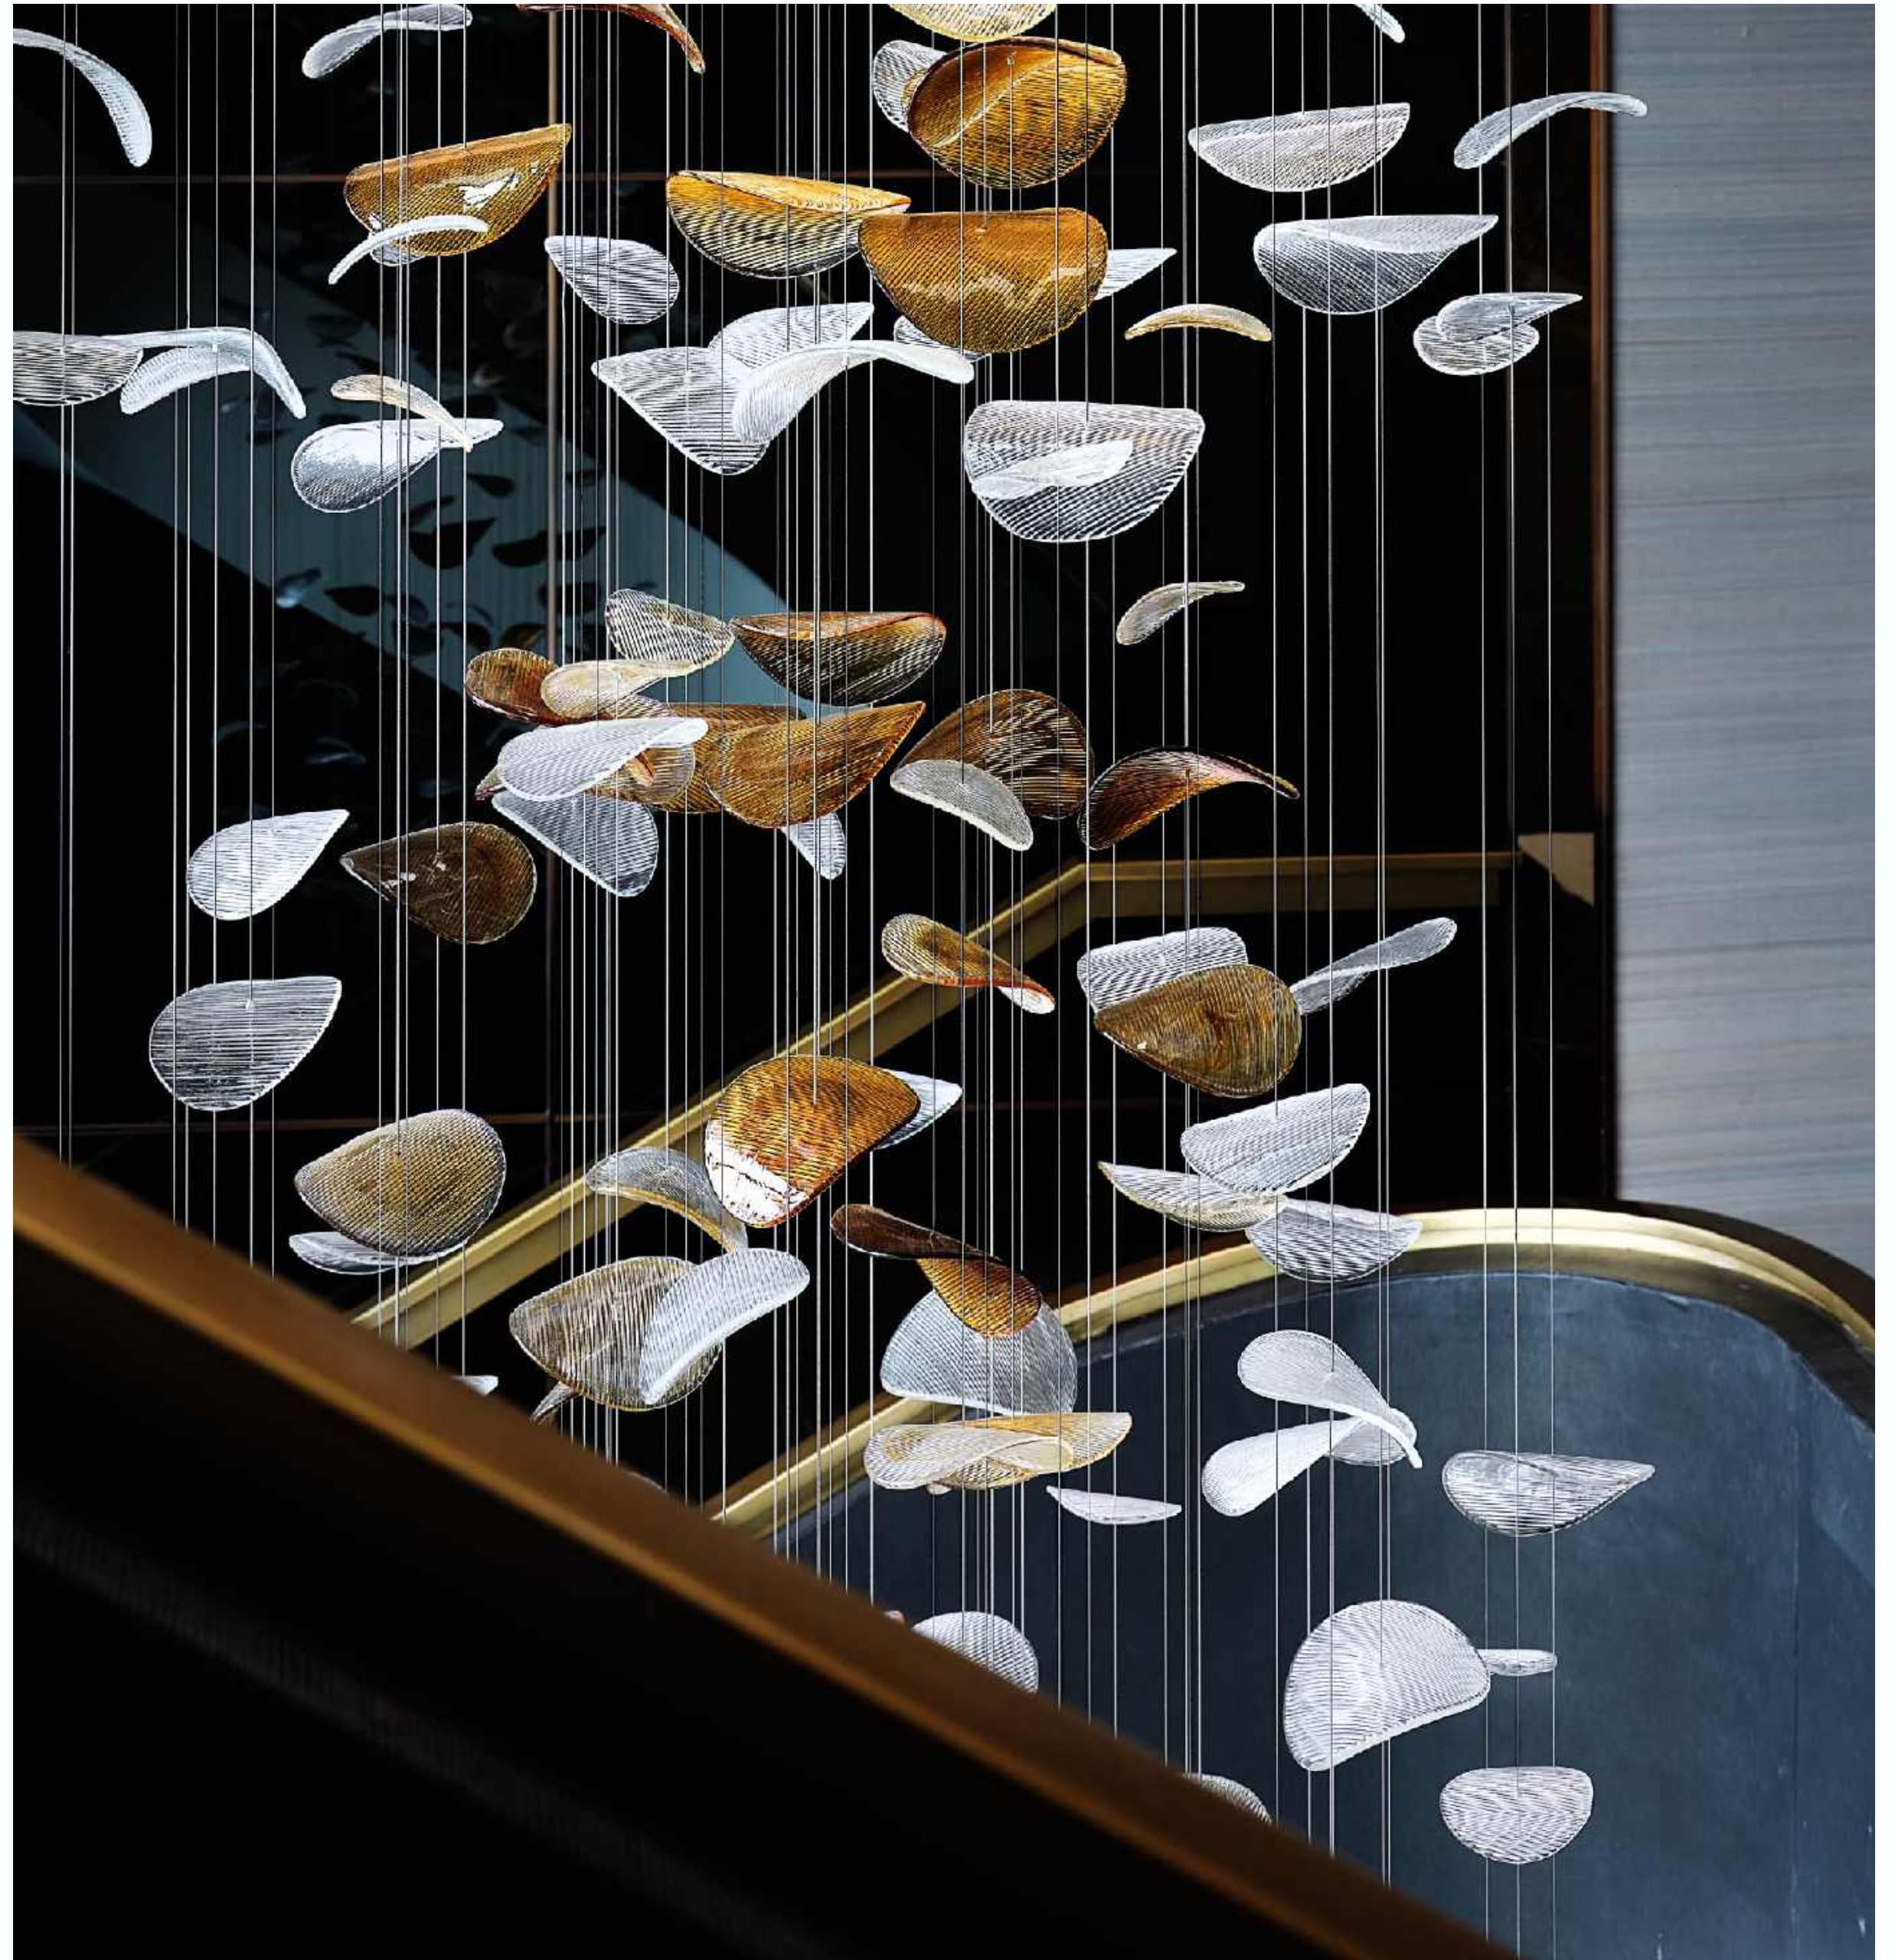

PROJECTS

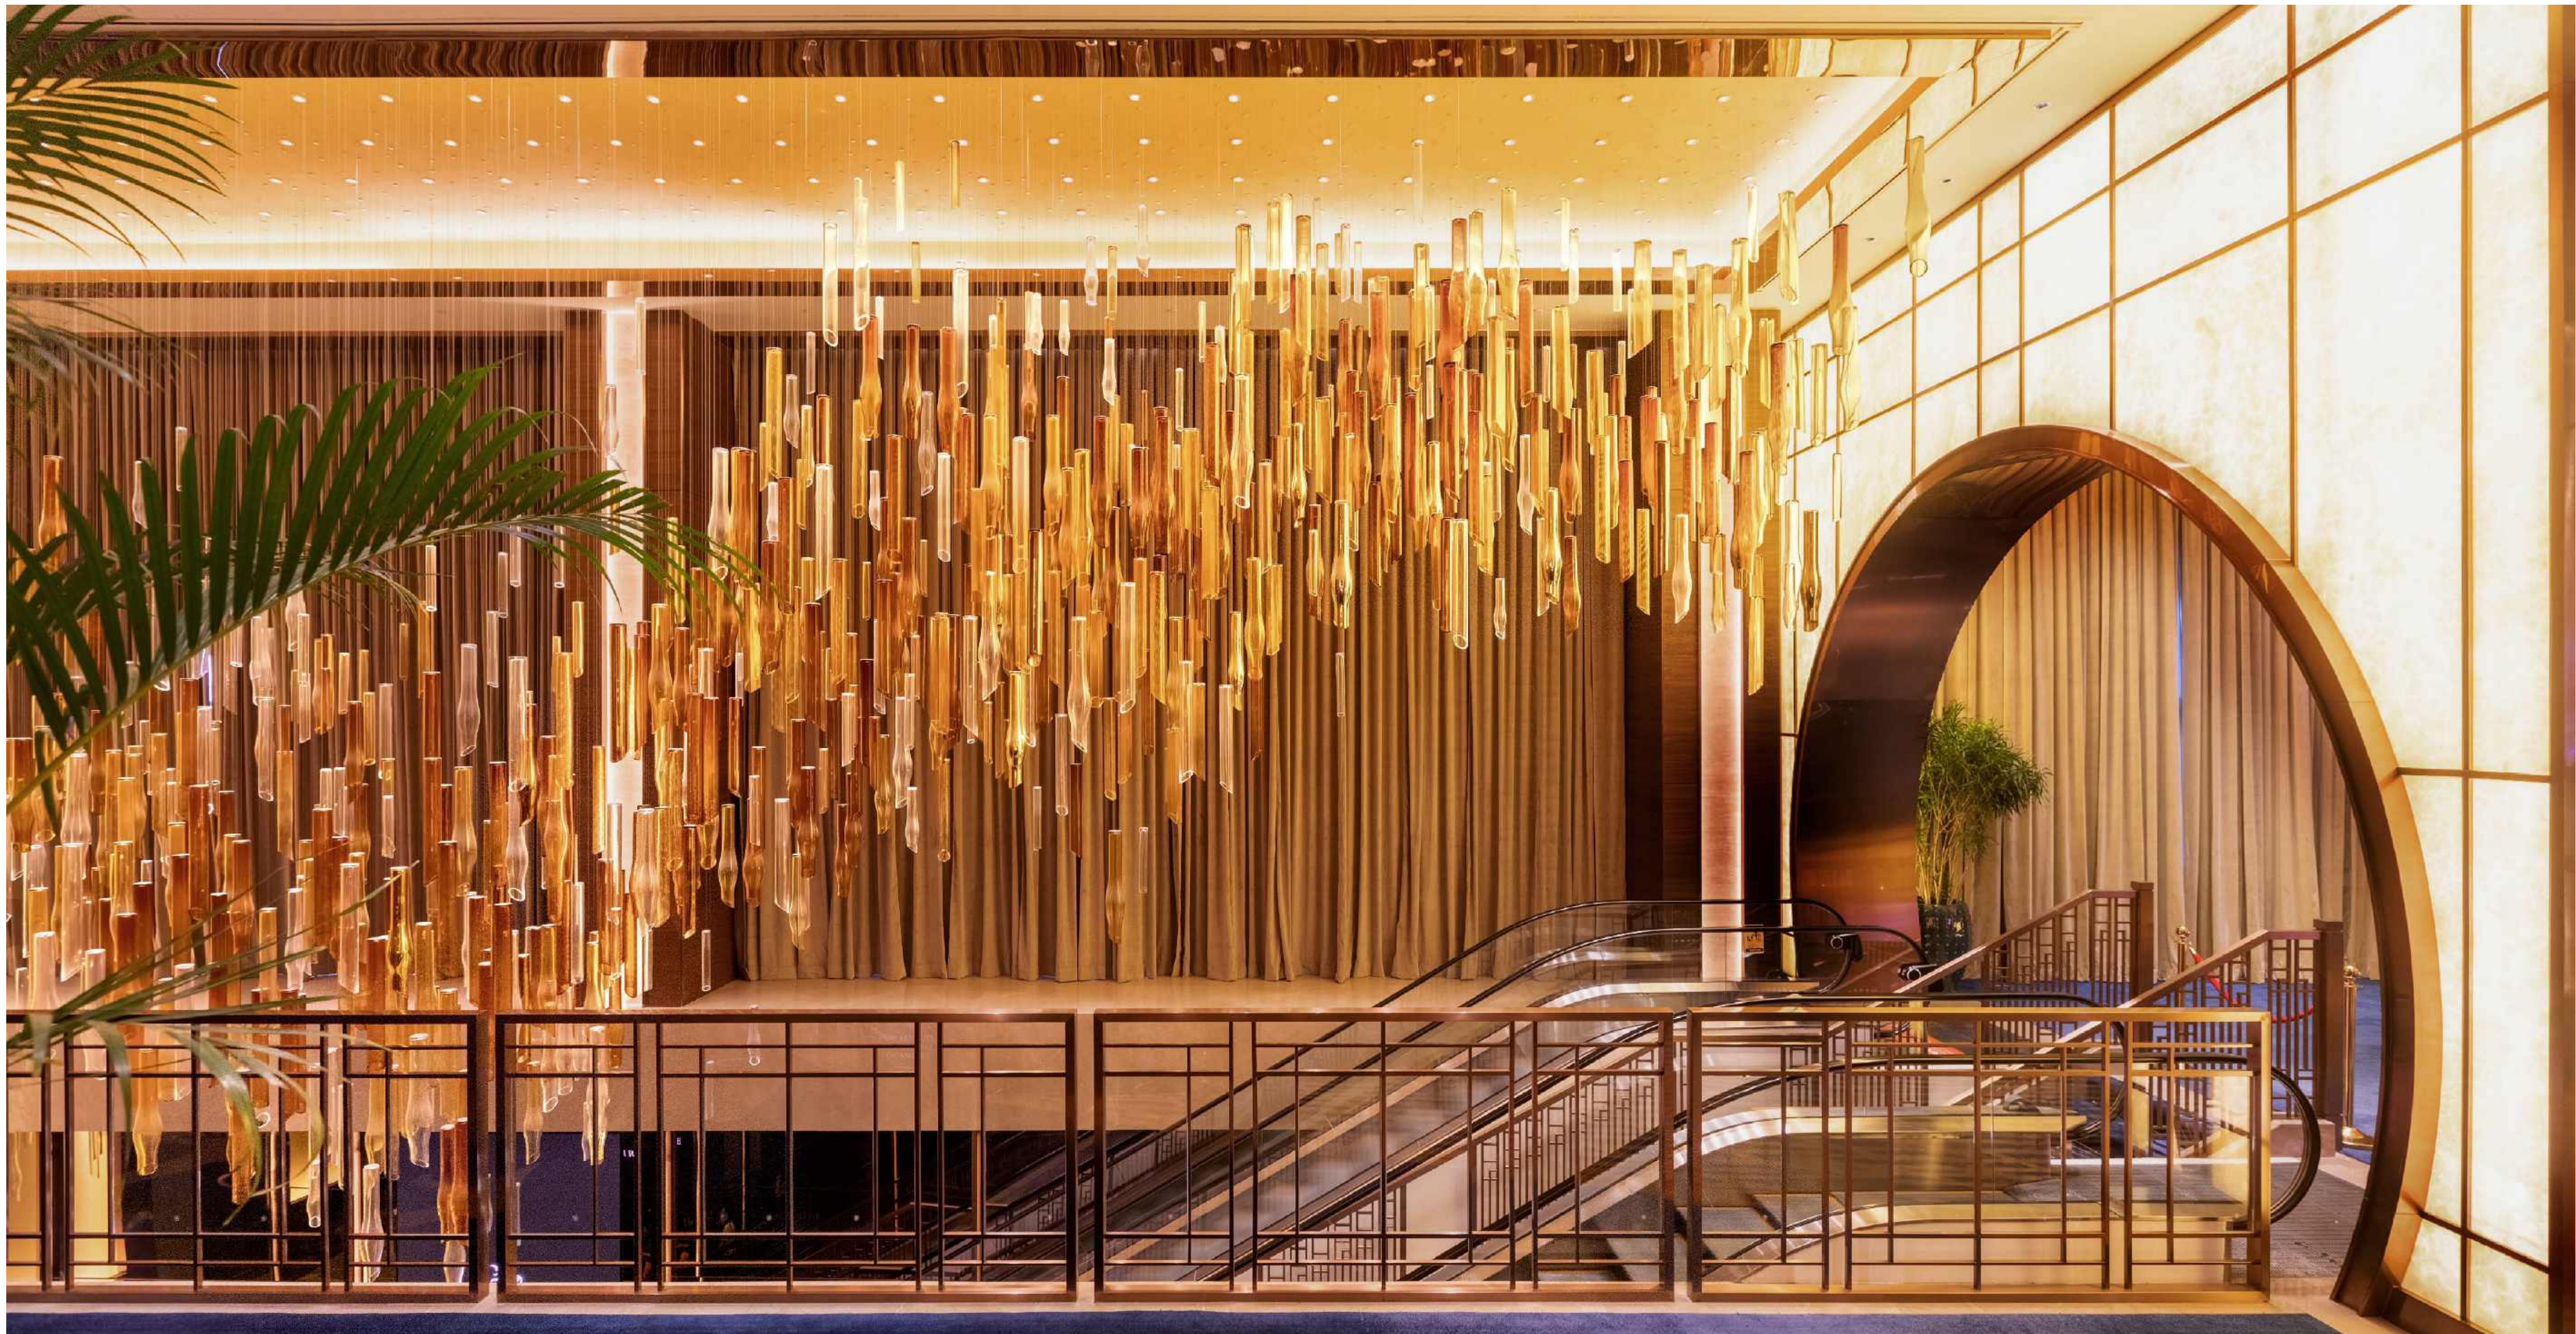

Solaire Club

MANILA, PHILIPPINES

Suspended above the grand escalator of Solaire Resort in Manila, this bespoke crystal installation commands attention with its harmonious blend of artistry and light. Crafted from hundreds of Bohemian Crystal tubes, the sculpture exudes sophistication through golden amber tones, intricate optical textures, and prism-like elements. Select tubes, silvered internally, amplify the interplay of brilliance and depth, creating a mesmerizing visual experience.

The sculpture's unique design is crowned by a distinctive diagonal cut at the base of each glass tube, which catches and radiates the overhead lighting, creating an ethereal glow. The interplay of light and texture transforms the space, imbuing it with an atmosphere of luxury, inspiration, and promise. This bespoke creation, crafted using time-honored Czech techniques, reflects our dedication to combining tradition and innovation, making it a radiant symbol of elegance and refined artistry.

PROJECTS

Katara Plaza

DOHA, QATAR

Inspired by the enchanting Desert Hyacinth, the bespoke crystal installation at Katara Plaza in Qatar brings nature's elegance into a luxurious context. Elaborately designed glass sculptures, in vibrant hues that echo the desert's richness, transform the space into a dreamlike landscape. Each piece is crafted with precision and care, radiating light and color that create a magical ambiance.

Situated within Qatar's premier destination for luxury boutiques, the Desert Hyacinth installation serves as a statement of artistry and refinement. Each sculpture reflects our commitment to blending tradition and innovation, delivering a bespoke lighting experience that elevates the surrounding space. This installation not only enhances the elegance of Katara Plaza but also invites visitors into a world where craftsmanship and nature's beauty are celebrated in perfect harmony.
